de Estudios Sociales

BOOK REVIEWS

The *Revista de Estudios Sociales* is pleased to invite the academic community to submit reviews of books on social sciences, that contribute to relevant debates on sociological, historical, anthropological, cultural and gender issues, as well as political science, philosophy, psychology and education. Ideally, the reviews should deal with books published within the last two years at the time of submitting the proposal, and can be sent to the following e-mail address on a permanent basis res@uniandes.edu.co.

Please note that the reviews are not associated with issues of the journal, do not have a DOI and are available in the [Reviews](#) section of the *Revista de Estudios Sociales* web page.

Reviews should:

- Be unpublished and cannot be simultaneously under evaluation in any other publication.
- Be between 2,000 and 2,500 words in length, present a critical and analytical perspective of the book, its content, its different sections, and a brief reflective synthesis on the person(s) writing the book, placing him/her/them and his/her academic production.
- Contain complete data of the reviewed text (author, title, date, city, publisher and total pages). See examples on the journal's web page.
- Include complete data on the author of the review: academic titles, institutional affiliation, research group (if applicable) and e-mail.
- Must be written in Word format, Times New Roman 12 point font, 1½ line spacing, letter size, page numbering from 1 to n in the upper right margin and 2.5 cm margins.
- Be sent, if possible, with the cover image of the book being reviewed, in a separate file, in high quality .jpg or .tiff format (300 DPI recommended). This last point is intended to make the information on the website more attractive. However, we strongly recommend that the reviewer ask the publisher or the author(s) for permission to use the cover image and advise that they send the image, and the request and authorization for use to res@uniandes.edu.co.
